All-in-One Interactive Display & Collaboration Solutions

About VIISAN

Founded in 2013, VIISAN, a core brand of MYSHER Technology Co., Ltd., is a global technology provider specializing in interactive flat panel displays (IFPDs), visualizers (document cameras), book and document scanners, and AI-powered solutions for education and collaboration. With customers around the world, VIISAN serves schools, universities, enterprises, and government institutions across global markets.

Our portfolio includes interactive displays for classrooms and meeting spaces, video conferencing accessories for hybrid collaboration, visualizers for teaching and presentations, and high-resolution overhead book and document scanners widely used in education, training, and business environments. Beyond hardware, VIISAN also develops trusted software platforms such as ViiTalk Rooms for video conferencing, OfficeCam for document scanning, and VisualCam and ViShow for education and classroom applications.

Driven by innovation, VIISAN combines advanced hardware, intelligent software, and AI-powered technologies to deliver smarter education solutions, more professional meeting experiences, and efficient document digitization tools. As a trusted partner, we help customers create connected, productive, and engaging environments around the world.

Award-Winning & Certified

Our education document camera products have received numerous awards, including recognition from the iF Design Award and the Golden Pin Design Award. In addition, our AI-powered camera solutions are certified by Zoom, Microsoft Teams, and Tencent VooV. We also support customers in achieving Google EDLA certification, delivering award-winning solutions and reliable services worldwide.

Your Trusted Brand Partner

VIISAN is a leading provider of solutions for education, professional meeting environments, and interactive flat panel displays, supported by a full range of accessories. Our products meet international standards such as CB, CE, and FCC, and are fully compliant with RoHS and REACH—ensuring premium quality and reliable performance worldwide.

Interactive Whiteboard

The ViiHub 2 Series is an innovative, all-in-one Interactive Flat Panel Display designed to seamlessly adapt to various meeting spaces. This smart solution integrates a powerful ViiTalk-powered video conferencing system, featuring multiple AI camera options, crystal-clear speakers, and a multi-microphone array with voice tracking and noise reduction technologies. Available in four sizes (65", 75", 86", 98", and 110"), this collaboration whiteboard runs on the latest Android 13 and offers a wide range of customizable options. It delivers an immersive meeting experience, enabling seamless enterprise collaboration anytime, anywhere.

Versatile Screen Size Options for Any Space

Available in 65", 75", 86", 98", and 110" sizes to match any space.

Multiple camera and mic array options allow the ViiHub 2 Seriesto support everything from compact meeting rooms to large conference spaces, ensuring an optimized audio-visual experience.

Huddle or Small Conferencing Rooms

3~4 people

Standard Conferencing Room

4~7 people

Large Conferencing Room

12~20+ people

Seamless Focus, Capturing Every Angle

With dual-camera and Auto-Framing technology, the ViiHub 2 Series features a wide-angle lens to capture clear, full-room visuals, while a standard view lens intelligently tracks and frames the speaker for a sharp, precise close-up, ensuring a dynamic and engaging experience in every meeting.

80°

120°

Standard View Lens

Delivers clear and focused views of attendees in a standard view.

Wide-Angle Lens

Captures the entire room with ease.

Crystal-clear Communication with Advanced 8+4 Mic Array

Featuring a built-in 8+4-microphone array, the ViiHub 2 Series delivers superior audio performance. Equipped with powerful DSP algorithms, this system ensures lossless transmission, echo cancellation (AEC), automatic gain control (AGC), and active noise suppression (ANS), AI De-noise, and more. Achieve crystal-clear, full-duplex voice communication with coverage extending up to 10 meters, making every conversation crisp and intelligible.

Embedded Audio DSP

AI Noise Reduction

Full Duplex Audio

10Meters Voice Pickup

Up to 10 meters Voice Pickup

Revolutionize Your Meetings with Intelligent AI-Tracking

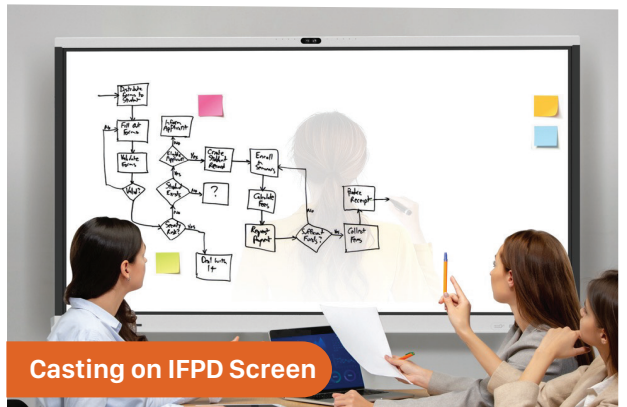

Auto-Framing recognizes the number and positions of attendees, automatically adjusting to achieve the best angle based on the number of participants and their locations, providing a close-up view.

With a built-in Multi-Microphone Array, speaker tracking continuously locates the sound source, providing a real-time close-up of the presenter. This ensures the speaker remains the center of attention, delivering a more immersive and engaging meeting experience.

The intelligent Gesture Recognition feature allows real-time control of the video camera, including auto framing feature remote activation and other customized features.

The ViiHub 2 Series' built-in AI-Powered Camera intelligently tracks and casts whiteboard content onto the IFPD screen in real-time. It removes obstructions like hands while enhancing handwritten note visibility, ensuring a clear and seamless presentation experience.

Enhance Your Video Conferencing Experience with Advanced AI Features

AI Beauty

Look your best in every meeting with intelligent facial refinement that enhances your appearance for a polished and professional look, ensuring confidence in any virtual interaction.

Background Blur

Maintain privacy and eliminate distractions with a smart background blur feature that keeps the focus on you while softening everything behind you, creating a cleaner and more professional meeting environment.

Face Mosaic

Protect personal identities and sensitive visuals with advanced facial masking technology that pixelates faces for secure collaboration, ensuring privacy during meetings and presentations.

Schedule Meetings with Ease

With ViiTalk video conferencing software, users can easily schedule meetings or reserve meeting room devices by scanning a QR code using their smartphone or via the ViiTalk client app on a laptop. This feature streamlines the scheduling process, making organizing and coordinating meetings hassle-free and accessible for everyone.

嗨, Sindy, 您好吗? 让我们一起讨论一下我们的线上销售运营策略吧。

Hi Sindy, How are you? Let's go over the details of our online sales operations.

AI Speech-To-Text Translation

ViiTalk delivers real-time AI Speech-To-Text translation, instantly transcribing spoken words into on-screen subtitles during conference calls. Break language barriers, enhance collaboration, and make your discussions accessible to everyone. Upgrade your conferencing experience today!

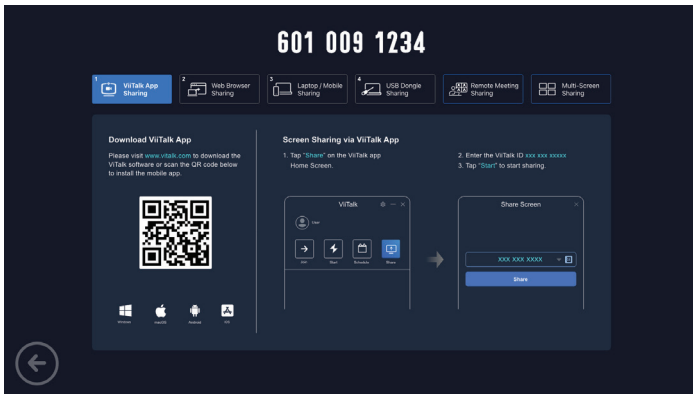

ViiScreen Wireless Sharing

Share your screen instantly and collaborate without limits. Powered by ViiTalk, ViiScreen enables seamless wireless screen sharing for meetings and presentations. With multiple connection options, users can quickly present and collaborate from laptops, smartphones, and tablets.

Powered by ViiTalk

Cloud Screen Sharing

Share Your Screen in Multiple Ways

Scan the QR code to download the **ViiTalk App**, connect through a **web browser**, or cast instantly using **Miracast** and **AirPlay**. ViiScreen Share enables seamless wireless collaboration from laptops, smartphones, and tablets.

The Ultimate All-in-One Interactive Flat Panel For Professionals

Upgrade your classroom with a powerful all-in-one interactive flat panel, designed for seamless teaching and collaboration. The AI-powered Triple-Lens Camera provides a 130-degree wide-angle view, ensuring every student is visible. The built-in 4K Visualizer delivers crystal-clear content sharing, while the interactive whiteboard transforms lessons into engaging, dynamic experiences. This all-in-one solution enhances learning, collaboration, and presentations, making every session more immersive and effective than ever.

AI-Powered Triple-Cam System with Ultra-Wide-Angle Seamless Stitching

With advanced seamless stitching mode, the Triple-Cam Technology delivers versatile display options for various meeting scenarios, providing an ultra-wide-angle view exceeding 130° for an immersive and dynamic experience.

Transform Your Meetings with Dynamic Modes

Enhance collaboration with the ViiGear Camera Control app, allowing effortless switching between Portrait, Gallery, and Multimodal Gallery modes. Ensure every participant is clearly seen and heard, delivering a truly immersive and professional meeting experience.

All-in-One Smart Integration

Combines an interactive flat panel, AI-powered cameras, and a 4K Visualizer into a sleek, all-in-one solution for seamless collaboration.

Built-in Triple-Lens Camera

Optional 10X PTZ Pluggable Camera

Built-in 4K Visualizer

Interactive Flat Panel for Simple, Effective Collaboration

The ViiPANEL FL-Series is a budget-friendly interactive flat panel designed for cost-conscious applications. Powered by the latest Android 14, it supports optional OPS for expanded functionality, catering to various usage scenarios. Seamlessly integrating with ViiTalk Rooms software, it enables remote whiteboarding, enhancing teaching and collaboration. Available in 55, 65, 75, and 86 inches, the FL-Series offers customization options to meet the diverse needs of classrooms and business.

Pluggable Camera Series

VIISAN offers a series of AI-powered pluggable cameras suitable for any size of conference room. They can be customized to fit various Interactive Flat-Panel Displays requirements.

CT411C

4K Pluggable Cameras
With 2-Microphone Array

- 4K@30fps video quality with AI Auto-Framing
- Built-in 2-Microphone Array with Voice Tracking
- 88° FOV
- Supports MJPEG / H.264 / H.265 compression
- Privacy Shutter
- USB Type-C Connector

CT302E

4K Pluggable Camera
with 4-Microphone Array

- 4K@30fps video quality with AI Auto-Framing
- Built-in 4-Microphone Array for Voice Tracking
- 120° wide-angle lens
- Supports MJPEG / H.264 / H.265 compression
- Privacy protection cover (Optional)
- USB 30-Pin Pro Connector

CT402C

4K Pluggable Cameras
With 2-Microphone Array

- 4K@30fps video quality with AI Auto-Framing
- Built-in 2-Microphone Array with Voice Tracking
- 120° wide-angle lens
- Supports MJPEG / H.264 / H.265 compression
- Privacy Lens Cap
- USB Type-C Connector

CT303E

Dual-lens 4K Pluggable Camera
with 4-Microphone Array

- Dual-lens 4K Camera (Normal & Wide-angle lens)
- 4K@30fps video quality with AI Auto-Framing
- Built-in 4-Microphone Array for Voice Tracking
- Supports MJPEG / H.264 / H.265 compression
- Privacy protection cover (Optional)
- USB 30-Pin Pro Connector

CT501C

4K Pluggable Cameras
With 2-Microphone Array

- 4K@30fps video quality with AI Auto-Framing
- Built-in 2-Microphone Array with Voice Tracking
- 120° wide-angle lens
- Supports MJPEG / H.264 / H.265 compression
- Privacy Switch
- USB Type-C Connector

CT901E

Pluggable PTZ Camera
with 10X Optical Zoom

- PTZ Camera with 10X Optical Zoom
- 4K@30fps Video Quality with AI Auto-Framing
- Supports MJPEG / H.264 / H.265 Compression
- USB 30-Pin Pro Connector
- IR Remote Control Support (Optional)

ViiCam - Camera Control App for IFPD

The ViiCam camera control app leverages VIISAN's advanced AI algorithms, delivering Auto-Framing, Voice Tracking, and Gesture Recognition for an optimized video conferencing experience. Designed for seamless integration with VIISAN Interactive Flat Panels, it allows users to manually control PTZ, switch between multiple camera lenses, and configure settings directly from the display. Additionally, PIP Picture-in-Picture mode enhances flexibility, ensuring a professional and immersive collaboration experience.

X-MIC Wireless Microphone Series

The X-MIC Series offers a diverse range of wireless microphone solutions, including neck-hanging and handheld models, designed for both professional and educational environments. VIISAN's IFPD features a built-in X-MIC receiver with advanced quick wireless pairing technology, ensuring effortless connectivity. With seamless integration, advanced noise reduction, and crystal-clear audio pickup, these microphones enhance speech clarity and communication, delivering an optimal experience for educators and professionals alike.

 Quick and Easy Wireless Pairing	 10M Receiving Range	 Feedback Suppression	 Long Battery Life
--	--	---	--

VIISAN's IFPD with Built-in X-MIC Receiver

AS123-RX2 X-MIC Wireless Receiver

- Easy setup with wireless pairing.
- Wireless operating range up to 10 meters.
- Supports two wireless microphones.
- Line-out audio transmission.
- Powered via USB Type-A.

AS203-TX Neck-worn Wireless Microphone

- Neck-worn design enables hands-free communication.
- Quick and easy installation with wireless pairing.
- Howling Suppression reduces feedback for clear audio.
- Up to 10 meters of wireless operating range.
- Built-in DSP supports noise reduction.
- Built-in a 6 hours rechargeable battery.

AS703-TX Handheld Wireless Microphone

- Ergonomic handheld microphone design.
- Quick and easy installation with wireless pairing.
- Howling Suppression reduces feedback for clear audio.
- Up to 10 meters of wireless operating range.
- Automatically scans and pairs frequencies.
- Built-in DSP supports noise reduction.
- 11 hours long battery life.

AB03 2-in-1 Bluetooth/USB Speakerphone

Compatible with ViiMic
AI Microphone app for IFPD

- AI-Powered 2-in-1 Bluetooth/USB speakerphone
- Supports AI Speech-to-Text and Multi-Language Translation via the ViiMic app on Android
- Built-in 6-microphone array with 360° omni-directional voice pickup
- AI Sound Tracking
- Built-in DSP supports audio 3A (AGC, ANS, AEC) algorithms
- Long-life battery supports 8 hours of continuous operation

 360° Omni-directional Voice Pickup	 AI Sound Tracking	 AI Powered Denoise	 AI Powered Denoise	 2-in-1 Bluetooth / USB
--	--	---	---	---

AI Sound Tracking Technology

Automatically detects and focuses on the attendee's voice location, enhancing sound pickup quality for clear and immersive communication.

Omni-directional Microphone

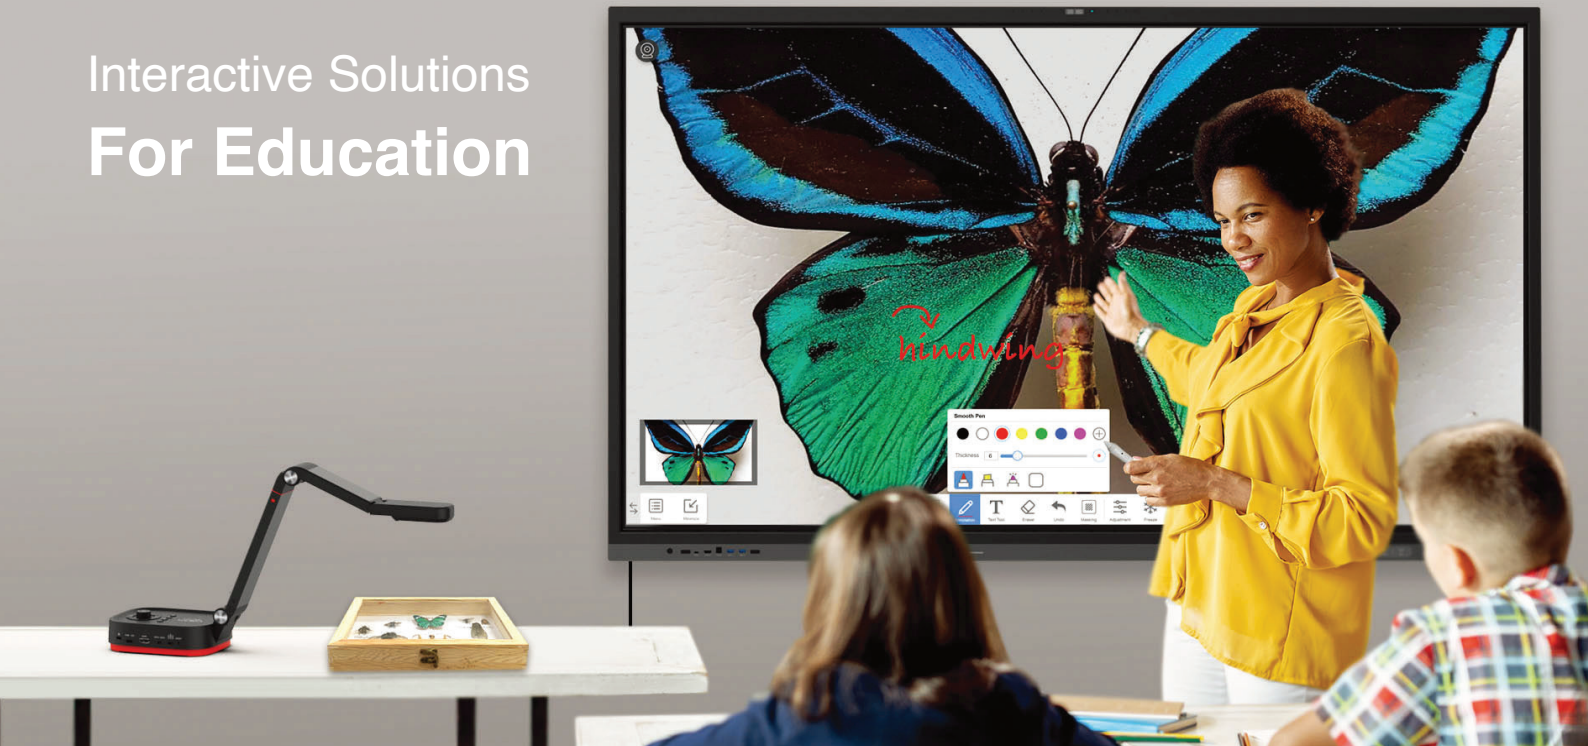

With 6-Microphone Array, the AB03 speakerphone provides 360-degree coverage enabling hands-free collaboration and allowing attendees to hear and be heard from all angles.

Full Duplex Technology

With a full duplex technology, it is able to make multiple users communicate simultaneously, if anyone interrupts and chime in won't cut off the current speaker.

Interactive Solutions For Education

A Smart Visualizer for Every Classroom

VIISAN offers a wide range of high-quality visualizers and easy-to-use Visualizer software options to enhance your educational presentations. Recognizing the uniqueness of every classroom, we have developed a variety of visualizers to meet your educational and budgetary requirements. Our portable, desktop, wireless, and wall-mounted visualizers are designed to elevate your in-classroom or remote learning experiences. Choose an VIISAN visualizer solution for any subject, from STEM to language arts to physical education.

Portable Visualizer Series

Desktop Visualizer Series

VS13AM 2-in-1 USB 4K Visualizer with 20X Macro Lens Adapter

- 13MP still image capture / 4K@30fps video output
- Large A3 shooting area.
- Comes with a 20X macro lens
- AI-Noise Reduction Technology.
- Built-in G-sensor, automatically rotates video.
- Dual-mode autofocus (AF-C / AF-S).
- Foldable multi-joint design for easy mobility and storage.
- Works with an interactive VisualCam software. (Windows & macOS supported)

VZ5 Desktop Type, Mechanical Arm USB/HDMI 4K Visualizer

- 16MP camera with smooth 4K@30fps video output
- Up to 30X total zoom for capturing fine details clearly
- Quick-access buttons for easy camera control
- Compact design with a flexible mechanical arm
- Supports HDMI and USB connectivity
- Fully compatible with VisualCam software

VS13AI 2-in-1 USB 4K Visualizer with AI-Noise Reduction Technology

- 13MP camera with 4K@30 FPS & 1080P@60 FPS output.
- Large A3 shooting area.
- Built-in AI-Noise Reduction Microphone.
- Built-in G-sensor, automatically rotates video.
- Dual-mode autofocus (AF-C / AF-S).
- Foldable multi-joint design for easy mobility and storage.
- Works with an interactive VisualCam software.

VZ5W Desktop Type, Mechanical Arm Wireless 4K Visualizer

- 16MP camera with smooth 4K@30fps video output
- Up to 30X total zoom for capturing fine details clearly
- Quick-access buttons for easy camera control
- Compact design with a flexible mechanical arm
- Supports Wi-Fi, HDMI, and USB connectivity
- Fully compatible with VisualCam software
- Built-in rechargeable battery for over 6 hours of use
- Supports Wi-Fi client (STA) and hotspot connections

Wall-Mounted Visualizer, Whiteboard Camera, Visualizer Software Series

VF84X1 Wall-Mounted Type Visualizer

- 8.0MP Camera.
- 1080P@30fps HD image quality.
- Designed for wall-mounting with a security lock case.
- Multiple touch buttons for easy operation.
- Works with ViiShow Visualizer software for Flat-Panel Display (IFPD) interaction.
- Compatible with Android and Windows.

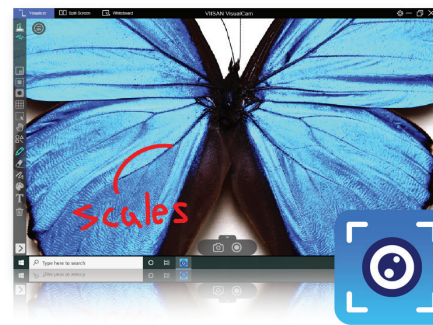

VB861A Whiteboard Camera

- 4K (3840 x 2160 px) camera.
- Hand removal technology with enhanced whiteboard handwriting visibility.
- Seamless integration with ViiShow Visualizer software for IFPD interaction.
- Compatible with Android and Windows.

VF134X2 Wall-Mounted Type Armless Visualizer

- 13MP Camera.
- Designed for wall-mounting with a security lock case.
- Multiple touch buttons for easy operation.
- Works with ViiShow Visualizer software for Flat-Panel Display (IFPD) interaction.
- Compatible with Android and Windows.

VisualCam Interactive Visualizer Software for Windows, macOS, and Web Application

VF16401 Wall-Mounted Type Visualizer

- 16MP Camera.
- Designed for wall-mounting with a security lock case.
- Multiple touch buttons for easy operation.
- Works with ViiShow Visualizer software for Flat-Panel Display (IFPD) interaction.
- Compatible with Android and Windows.

ViiShow Interactive Visualizer & Whiteboard Software for Android IFPDs and OPS

Office Document Scanning Solutions

A8401 A4 Size, 16MP Short-Arm Type Document Scanner

- Max. output up to 16-megapixel
- Max. capture size up to A4.
- Built-in LED light control.
- Support multi-language OCR.
- 1D/2D barcodes recognition.
- Works with powerful OfficeCam scanning software.
- Compatible with Windows & macOS.

DL8 Short-Arm Type Document Scanner with Asymmetrical Lighting Technology

- 8-megapixel CMOS sensor.
- Max. capture size up to A3.
- Multi-language OCR.
- 1D/2D barcodes recognition.
- Support Text-To-Speech (TTS).
- Works with powerful OfficeCam scanning software.
- Compatible with Windows & macOS.

DB8401 A4 Size, 16MP Foldable Document Scanner

- Max. output up to 16-megapixel
- Max. capture size up to A4.
- Built-in LED light control.
- Support multi-language OCR.
- 1D/2D barcodes recognition.
- Works with powerful OfficeCam scanning software.
- Compatible with Windows & macOS.

DL16 Short-Arm Type Document Scanner with Asymmetrical Lighting Technology

- 24-megapixel output resolution.
- 400 lux high brightness LED.
- Max. capture size up to A3.
- Curve Flattening Technology.
- Multi-language OCR.
- 1D/2D barcodes recognition.
- Support Text-To-Speech (TTS).
- Works with powerful OfficeCam scanning software.
- Compatible with Windows & macOS.

VK16 A3 Size, 16MP Foldable Document Scanner

- 16-megapixel CMOS sensor.
- Max. capture size up to A3.
- Built-in 3-level LED light control.
- Curve Flattening Technology.
- Support multi-language OCR.
- 1D/2D barcodes recognition.
- Works with powerful OfficeCam scanning software.
- Compatible with Windows & macOS.

DL24 Short-Arm Type Document Scanner with Asymmetrical Lighting Technology

- 24-megapixel output resolution.
- 400 lux high brightness LED.
- Max. capture size up to A3.
- Curve Flattening Technology.
- Multi-language OCR.
- 1D/2D barcodes recognition.
- Support Text-To-Speech (TTS).
- Works with powerful OfficeCam scanning software.
- Compatible with Windows & macOS.

Professional Book Scanning Solutions

VIISAN Intelligent Book Scanners are designed for professional, non-destructive digitization. Powered by advanced overhead scanning technology, they capture high-resolution images of bound books, documents, receipts, business cards, magazines, newspapers, and booklets without cutting spines or damaging original materials. Ideal for libraries, archives, offices, and educational institutions, they offer an efficient and reliable way to preserve, manage, and digitize valuable content.

S21 A2 Large Format A2-Size Overhead Scanner

- 20.1-megapixel CMOS sensor.
- Large A2 Format Shooting Area.
- Adjustable Height Design (A2/A3).
- Advanced Curve Flattening Technology
- Support Multi-language OCR.
- Built-in 3-Level LED Light Control.
- Works with OfficeCam Scanning Software
- Compatible with Windows and macOS

K21 Professional Overhead Book Scanner

- 20.1-megapixel CMOS sensor.
- Advanced Curve Flattening Technology
- Laser positioning.
- Max. capture size up to A3.
- Multi-language OCR.
- Works with powerful OfficeCam scanning software.
- Compatible with Windows & macOS.

K36 Professional Dual-lens Overhead Book Scanner

- Dual 16-megapixel CMOS sensor.
- Advanced Curve Flattening Technology
- Laser positioning.
- Max. capture size up to A3
- Support Multi-language OCR.
- Works with powerful OfficeCam scanning software.
- Compatible with Windows & macOS.

S48 Duo Dual 48MP Sensors A2-Size Overhead Scanner

- Dual 48-Megapixel CMOS Sensors
- Advanced Curve Flattening Technology
- Laser positioning.
- 600-Lux High-Brightness LED
- Switchable A2/A3 Field of View Design
- Up to 600 DPI High-Resolution Output
- Supports Multi-Language OCR
- Works with OfficeCam Scanning Software
- Compatible with Windows and macOS

K48 High-Performance 48MP Overhead Book Scanner

- Super High-Resolution 48-Megapixel CMOS Sensor.
- Advanced Curve Flattening Technology
- Laser positioning.
- Max. capture size up to A3
